Handling: wash hands before and after use.

Storage: in a cool dry room avoiding exposure to light.

Exposure Controls/Personal Protection

Precautions: goggles and gloves should be worn if there is a risk of splashing.

FRACTIONATED COCONUT OIL
Material Safety Data Sheet

Physical & Chemical Properties

Appearance: clear liquid.
Acid Value: 0.2 maximum
Peroxide Value meq/kg: 0.2 maximum
Saponification value: 325-345
Iodine value: 1.0 maximum
Specific gravity @ 20 deg C: 0.940-0.960
Refractive index: 1.448-1.451

Stability & Reactivity

Stability: relatively stable.
Reactivity: avoid alkaline compounds, caustics and alkalis with exothermic properties.

Toxicological Information

LD/LC50 Value: not tested on animals.

Ecological Information

Biodegradability: readily biodegradable.

Disposal Considerations

Avoid excessive disposal to drainage systems and into the environment.
Seek expert advice. Observe specific local regulations.

Transport Regulations

No special requirements and no restrictions on transportation by land, sea or air. Not classified as dangerous.

Q.C. Requirements

In line with general product specification. Always satisfy suitability for specific application.
