Exposure Controls/Personal Protection

Respiratory protection:

No special respiratory equipment is recommended under normal conditions of use with adequate ventilation.

Eye protection:

No special eye protection is required.

Work/Hygiene practices:

Wash hands with soap and water after handling.

Physical & Chemical Properties

Colour: yellow/ green.

Physical state at 20°C – liquid.

pH: neutral

Solubility in water (% weight): none

Flash point (°C): not less than 250°C

Specific gravity- approx: 0.95

Stability & Reactivity

Stability and reactivity: generally stable. Becomes rancid on exposure to air.

Conditions to avoid: oxidation promoting conditions (heat, light).

Material to avoid: oxidising materials.

Hazardous decomposition products: none.

Toxicological Information

LD/LC50 Value: Not tested on animals.

Sensitisation: no known data.

Local effects: no known data.

Short and long term toxicity: no known data.

Human exposure tests: no known data.

Ecological Information

Persistence and degradability: readily biodegradable.

Bioaccumulative potential: no known data.

COD-BOD5 value: no known data.

Content of heavy metals and substances classed as dangerous to the environment: none.

Disposal Considerations

Disposal according to Local Authority advice. Very large quantities will require specialist disposal.

Transport Regulations

Land transport: not classified.

Sea transport: not classified.

Air transport: not classified.

Further information: not a hazardous product.

Regulatory Information

Not classified as dangerous according to EC directives.
