01284 735043

Composition/Ingredients Information

Definition: formulated soap base .

IFRA: not restricted.

Application: body and facial wash base.

INCI: Aqua, glycerine, sorbitol, sodium cocoyl isethionate, disodium lauryl sulfosuccinate, propylene glycol, sodium chloride, phenoxyethanol, methylparaben, ethylparaben, propylparaben, butylparaben, isobutylparaben, Tetrasodium EDTA.

Hazards Identification

Concentrated product. Do not ingest. Observe good housekeeping procedures.

First Aid Measures

Inhalation: no risk.

Eye contact: flush immediately with plenty of cold water until condition subsides.

Skin contact: no risk to usual skin types. Flush with plenty of water if irritation occurs.

Ingestion: rinse mouth out with water. Not toxic – no significant risk.

Other: when assessing action take Risk and Safety Phrases into account.

Fire Fighting Measures

Extinguishing media: use CO₂ , dry powder or foam type extinguishers, spraying extinguishing media to base of flames. Do not use direct water jet on burning material.

Special measures: none required in normal use conditions.

Extinguishing procedures: closed containers may build up pressure when exposed to heat and should be cooled with water spray.

Accidental Release Measures

Personal precautions: no risks posed in general contact.

Environment precautions: keep away from drains, soils, surface and groundwaters.

Cleaning up methods: remove all potential ignition sources. Contain spilled material. Allow to cool if liquid until solidification occurs. Scrape from surfaces with blunt blade and sweep up and remove to an approved disposal container. Observe state, federal and local disposal regulations. Residues may be removed with water to final clean up.

LUXURY FOAMING BATH BUTTER

Handling & Storage

Precautions in handling: apply good manufacturing practice and industrial hygiene practices. No special risks or precautions generally required. Observe good personal hygiene, and do not eat, drink or smoke whilst handling.

Storage conditions: Store in tightly closed original container in a cool, dry and ventilated area away from heat sources and protected from light. Keep air contact to a minimum.

Fire protection: keep away from ignition sources and naked flames.

Exposure Controls/Personal Protection

Respiratory protection: no risk. In extreme cases remove to fresh air.

Ventilation: ensure good ventilation of working area.

Hand protection: use chemically resistant gloves if required for prolonged contact.

Eye protection: use safety glasses.

Work/hygiene practices: wash hands with water after handling.

Physical & Chemical Properties

Colour: Opaque, off white.

Appearance: solid at ambient. Liquid when heated.

Odour: neutral base has slight odour.

PH: 6-7

Flash Point °C: n/a

Specific gravity @ 20°C: n/a

Refractive index @ 20°C: n/a
